

Special Modification Request “SMR Of The Week” Fortified Housing

[David Marin](#), Sr. Manager- SMRs

Fortified Series High and Low-Temperature Camera Systems.

SMR 2-003432 and 2-003998 provide the legacy fortified housing with the second and third generation IXE camera, lens, and optional media converter. Several combinations can be configured to meet any requirements. Each system includes a camera and lens. Please contact David Marin for any configurations that are needed.

We can offer both high and low-temperature systems.
